**FOOD PLOTS MADE EASY**  
GREAT FOR DEER/DUCK FOOD PLOTS,  
GARDENS AND FIRE BREAKS.

**Use your ATV/UTV with the GroundHog MAX to make food plots anywhere! No big heavy attachments needed!**

*Easy to load and transport to your property. No trailer hassles.*

*Easy to access - Plows anywhere your ATV goes. Imagine the possibilities!*

*Easy to use - No need to add extra weight that could fall off and tip over. Works from hilltops to bottom land.*

*Easy and fun - Plowing speeds (4-7+mph). It is twice as fast as pull-behinds at a lower cost!*

*Easy to maneuver in tight spots - Allows use of reverse with plow engaged.*

*Easy on the machine - Less wear and tear. Allows use of lower cc 2 or 4 wheel drive (IRS or straight axle setups, direct, belt, or chain drives). Set your up/down adjustment pin to control aggressiveness.*

*Easy to store - Small footprint allows inside storage. No ratchets to rust and no tires to dry rot and go flat.*

**Turns a 2 man  
job into a  
simple one man  
operation!**

**This plow fits basically any machine.  
We sell the plow 2 ways:**

**1 Plow without hitch kit MSRP \$349.**  
Fits units that already have a strong 2” receiver. Also fits any ATV (year 2000 up) if you buy a strong aftermarket 2” receiver online (year/make/model specific).

**2 Plow with hitch kit included MSRP \$399.**  
Converts your existing utility hole or weak 1 1/4 receiver to a strong 2” for mostly Honda and Polaris applications and some others.

*Visit our homepage compatibility section to determine your best option.*
