

**Length: 12 inches Watts: 8
Coverage: 100 cubic feet***

***These are approximates. High moisture areas may require a larger rod.**

INSTALLATION

Install Dehumidifier on a dry, level surface and mount horizontally as low as possible.

ATTACH PLUG

1. Plug unit in Cannon's Media Supply and Power Outlet or insert cord through access hole of safe.
2. Connect power cord and lock in place by turning threaded collar clockwise until finger tight.
3. Plug unit in wall.

USAGE

1. Dehumidifier is to be used indoors and is not intended for outdoor use.
2. To protect against electrical shock, do not immerse unit, plug or cord in water or spray with liquids.
3. Do not operate rod in presence of explosive or flammable fumes.
4. Do not operate Dehumidifier if cord or unit is damaged in any manner.
5. Do not touch rod after plugged in. To reposition, unplug and let stand 15 minutes to cool.

**BEFORE DISCONNECTING POWER CORD
FROM DEHUMIDIFIER, UNPLUG UNIT FROM WALL**

**Fused Plug for
Additional Protection**
