HD 3500 Lumen Rechargeable Spotlight

1 CONTENTS

- 1 spotlight
- 1 110V AC household adapter
- 1 12V DC cable
- 1 12V DC car charger

2 SAFETY GUIDELINES

- Do not cover lens while in use.
- Do not use near flammable liquids, gases, or in high temperatures: the battery may explode.
- When the light begins to dim, stop use and charge immediately.
- Do not charge the unit for more than 24 consecutive hours with AC adapter and 8 hours with DC adapter.
- Do not turn on while charging, could cause battery damage.
- Do not use in water or wet conditions. Store in a clean, dry environment.
- Keep out of reach of children.
- Never stare directly into the light, could cause eye damage.
- Strong impacts may cause damage to the unit, please handle with care.

3 OPERATING INSTRUCTIONS

- Charge the battery completely before using the spotlight for the first time.
- Press ON/OFF switch to operate spotlight.
- Charge the battery immediately after each use.
- Use specified DC cable for lighting which offered by supplier to light up the spotlight and plug the specified DC cable to right jack to operate.

4 RECHARGING THE UNIT

IMPORTANT

- Do not turn the light on while charging, could cause damage.
- Do not leave the unit plugged in after it is fully charged. Charging the unit past the recommended maximum time will damage the battery.

AC Charging

Make sure the unit is turned off before charging.

- Insert the AC charging plug into the charging jack. Use only the supplied AC adapter.
- Plug the transformer end of the AC adapter into a 110V AC outlet.
- The red LED indicator light will illuminate to indicate that the spotlight is charging.
- The green LED indicator light will illuminate when fully charged (about 4 - 6 hours).

DC Charging

Make sure the unit is turned off before charging.

- Insert the DC charging plug into the charging jack on left.
- Plug the other end into the 12V socket of your vehicle.
- The red LED indicator light will illuminate to indicate that the spotlight is charging.
- The green LED indicator light will illuminate when fully charged (about 4 - 6 hours).

5 MAINTENANCE

Battery Replacement

- Do not attempt to change the batteries.

Bulb Replacement

- Do not attempt to alter or change the HID.

6 SPECIFICATIONS

Unit Size	15.7 × 9.8 × 10.9 in 40 × 25 × 27.6 cm
Weight	6.69 lbs (3.035 kg)
Battery	11.1V 4000mAh Li-Ion battery
Spotlight	55W HID BULB
AC Adapter (≈ 4-6 hours)	13.5V 1A output (UL)
DC Car Charger (≈ 4-6 hours)	12V DC
Running time from full charge	30-40 m
