

Commercial Frost Cloth

(THERMAL BLANKET)

**\$105 special fall price
plus shipping
(while supplies last)**

This Frost cloth is a white, non-woven, needle punched polypropylene material that is designed to allow rain and irrigation through to your nursery stock while holding in precious heat. Due to the fabric's permeability, there is no need to worry about foliage burn, and frost cloth can remain in use even on sunny days.

This is an excellent product for late fall and early spring applications to extend your selling seasons.
