

20" CYCLONE® PIVOT FAN Model 3520

The 20" Cyclone® is a great choice for an all-purpose floor fan. This fan is a great addition to your air conditioning or can be directed at you for immediate heat relief. The Cyclone® has three whisper-quiet, powerful speeds. Aerodynamic fan blades and a special grill design maximize its performance. Its adjustable fan head pivots 90 degrees, and locks in place for precision comfort. The fan is portable and easy to use with controls located on top of its easy-carry handle. Safety features include a patented fused plug cord set.

- 20" Aerodynamic Blade and Swirling Grill Design Combine for Power and Performance Matched Only by a Cyclone Itself
