### **40,000 BTU Woven Fire Pit Coffee Table with Wood Grain Tile Top and Lid**

The Cambridge 40,000 BTU Fire Pit will create a warm focal point to your outdoor living space. It operates off a 20 lb. LP gas tank (sold separately) that is securely held in a convenient slide-out chamber within the table's base.

Elegant red fire glass is provided for the center burner as well as a protective lid for when the fire is not in use. Great for use throughout the year, this fire pit will provide a warm conversational setting for you and your guests to gather around. Marketing Copy Marketing Copy Marketing Copy .
