Warranty:

Six (6) months warranty

Thank you for purchasing this SUNJOY product. These products have been made to demanding, high-quality standards and are guaranteed for domestic use against manufacturing faults. This warranty does not affect your statutory rights.

The product is guaranteed if used for normal, residential purposes. Any warranty is invalid if the product has been overloaded or subject to neglect, improper use or an attempted repair other than by an authorized agent. Heavy-duty or daily professional/commercial usage is not guaranteed. Due to continuous product improvement, we reserve the right to change the product specifications without prior notice.

Care & Maintenance:

Our steel components for garden accessories and furniture are treated with rust inhibiting paint that protects it from rusting. However, due to the nature of steel, surface oxidation (rusting) will occur if these protective coatings are scratched. This is not a defect and thus not covered by the warranty.

To minimize this condition, we recommend care when assembling & handling the product to prevent scratching the paint. Should any scratching or damage occur, we recommend immediate touch-up with rust inhibiting paint.

Surface rust can also be easily removed with a very light application of common cooking oil. If surface oxidation (rusting) occurs and if no measure is taken to prevent this, the oxidation may start dripping onto deck or patio and caused damaging stains, which may be difficult to remove. This can be prevented if the above-mentioned measures are taken to keep the product from oxidizing.

Note: The gazebo's roof and structure are not guaranteed against extreme weather conditions (storms, high winds, etc.). If the gazebo is not dismantled for the winter, snow must be cleaned off regularly. Any damage caused by snow accumulation is not covered by the warranty.
