Frame Assembly Layout

1. Incline bar (E)
2. Horizontal bar (D)
3. 4-way corners (B)
4. 3-way corners (A)

Frame Assembly

Each bar (E, D) has a spring-activated button for locking into the corner pieces. Insert Incline bar (E) and Horizontal bar (D) into corners (A, B) as shown below and the spring-activated button will lock into the corner pieces.

Top Canopy Assembly

Spread the top canopy (I) over the inclined frame as shown below.

Stand the support bar of the vents as shown below

Short side panel Assembly

Tie the short side panel (J) to the incline bar (E) with the elastic ball strap (DD) as shown below.

Insert the strap through the grommet on the canopy. Wrap the strap around the bar and then around the ball to lock the ball in place, as shown in Fig.1 & Fig.2.

Post (2) Assembly

Insert post 2 (F) to post base (G) and tighten with bolt (CC), flat washer (AA) and nut (BB). Insert stake (K) to post base (G), then attach the side panel of top canopy (I) and the assembled end of rope (EE) to the screw of top post (2) and fix them by screw cap (H). Finally, attach the other end of the rope to peg (L), and fix it on the lawn as shown below.

IMPORTANT:

1. When assembling and using this product, basic safety precautions should always be followed to reduce the risk of personal injury and damage to equipment. Please read all instructions before assembly and use.
2. Some parts may contain sharp edges, wear protective gloves if necessary. At least four or more people are recommended for safe assembly.
3. Keep all children and pets away from assembly area.
4. At least 6 feet from any obstruction such as fence, garage, house, overhanging branches, laundry line or electrical wires.
5. Do not use the unit during an electrical storm, as there is a remote chance of getting struck by lightning.
6. The fabric roof should be removed for the winter in areas subject to heavy snowfall. A fabric roof could accumulate a lot of snow/weight which genuinely could be an issue. Remove fabric roof and panels to poles, when there is a risk of high wind, as possible damage will occur to the structure.
7. Install on level surface.
8. Never barbecue under this gazebo or use lanterns that have open flames.
9. This package contains small items and plastic bags that should be kept away from children.
10. Check all nuts and bolts for tightness before and during usage. Ensure that all connectors and poles are firmly secured in position fully. It is important to do so before use so as to avoid a possible collapse or damage to the item, which could also result in injury.

WARNINGS:

1. Assembly Instructions must be followed.
2. Pegs & ropes supplied must be used to hold this gazebo in place when upright.
3. Warranty does not cover damage due to extreme weather conditions.

WARNING: KEEP ALL FLAME AND HEAT SOURCES AWAY FROM THIS TENT FABRIC.

This tent meets the flammability requirements of CPAI-84. The fabric may burn if left in continuous contact with any flame source. The application of any foreign substance to the tent fabric may render the flame-resistant properties ineffective.

This unit is heavy. Do not assemble this item alone.
