**Limited Warranty:**

This limited warranty is extended to the original purchaser and applies to defects in materials and workmanship of your item provided the item is maintained with care and used only for personal, residential purposes.

The item is warranted to be free from defects in material or workmanship for a period of one (1) year. We don't reimburse for transportation or delivery costs, or compensate the individual or any outside party for assembling or disassembling the product.

**Exclusions:**

Items used for commercial, contract, or other non-residential purposes, or items damaged due to acts of nature, vandalism, misuse, or improper assembly are not covered. Corrosion or rusting of hardware is not covered. Proof of purchase (dated register receipt) is required for warranty claims. Warranty is to the original purchaser and is non-transferable. Any replacement of warranted items will be in the original style and color, or a similar style and color if the original is unavailable or has been discontinued. As some states do not allow exclusions or limitations on an implied warranty, the above exclusions and limitations may not apply. This warranty gives you specific rights, and you may also have other rights, which vary from state to state.

**CARE AND MAINTENANCE**

Do not bleach, acid, or other abrasive cleaners on the frame parts.

Steel components of garden accessories and furniture are treated with rust inhibiting paint. However, due to the nature of steel, surface oxidation (rusting) will occur if this protective coating is scratched. This is a natural process. To minimize this condition, it is recommended care be taken when assembling and handling the product, in order to prevent the paint from being scratched.

Surface rust can be removed easily using a very light application of common cooking oil. If surface oxidation (rusting) occurs and no measures are taken to correct it, the oxidation may start dripping onto the assembly surface, which may cause damaging stains that may be to remove.

If the product will not be used for a long period (e.g. winter time), it should be stored in a clean, dry environment.

Keep the original packaging to store the item.
