

WARNING

READ BEFORE USING TANK

- 1. This tank can be used only with polyethylene compatible liquids. If you are uncertain, ask chemical supplier if material can be safely stored in a polyethylene tank. USE OF TANK WITH ANY OTHER MATERIAL COULD CAUSE TANK TO FAIL, RESULTING IN INJURY OR PROPERTY DAMAGE.**
- 2. Clean out tank before changing chemicals OTHERWISE A DANGEROUS MIXTURE OF CHEMICALS COULD RESULT AND CAUSE DAMAGE TO TANK OR NEARBY PERSONS OR PROPERTY.**
- 3. Fill tank with water before installation to check for leaks.**
- 4. Vertical, flat-bottom tanks MUST be installed on a solid, flat, level surface.**
- 5. Tank is NOT fire resistant. NEVER expose it to open flame or heat.**
- 6. Keep sharp objects from tank. Tank could be punctured and contents could escape and cause injury to persons or property.**
- 7. ALWAYS keep tank tightly covered. Children and animals can enter when cover is not secured.**

61848

Tank is designed for above ground use only. Do not bury.
